Meeting of the Board of Aldermen and Election to Fill Vacancies.

A special meeting of the board of aldermen was held yesterday after-noon at four o'clock to fill three vacancies in the board of school trustees and to provide for repairing a certain and a splendid fellow to boot. portion of Houston street.

All the members were present with Mayor Smith in the chair.

The resignations of Messrs, Cummings, Hatcher and Nichols as trustees were read by the mayor and accepted. Mr. Elser moved that the board proeccd to the election of three others to fill the vacancies caused by these resignations. The motion prevailed and A. S. Nicholson, J. P. Alexander and — Peake elected, all voting aye except

Mr. Askew. The question of school buildings was brought up but no official action

Dr. Adams called the attention of

man of the board of health to procure a house and arrange for the immediate care of the indigent sick who were at present in the city. It was not the in-tention of this resolution to provide care for all the sick who may hereafter come to the city, but only for the immediate wants of those already here.

A resolution by Mr. Andrews was adop'e l, authorizing the street committee to order the property owners to pave and gutter their property on Houston street, between Weatherford

and Third streets. The mayor read from a printed re-port of the apportionment of the school fund that Fort Worth had been allowed only 1,056 children at \$4.50 per capita, making \$4,797. Several smaller cities nad been allowed much more, and it was suggested an investigation be made of the matter.

The board then a liourned.

The School Trustees.

The city council having again appointed trustees for the public schools, to fill vacancies caused by the declina-tion of three of the appointees, the board is once more full and is composed of Messrs. Van Zandt, Daggett, Clarke, Peake, Alexander and Nicholson. It is to be hoped that these gen-tiemen will all consent to serve, and that they will meet and organize at once, and proceed to the discharge of the duties devolving upon them. time for the opening of the schools is not far distant and provi-ion has been made for them. No trustee should be last. Speedy action is demanded by the exigencies of the case.
